

MFS 30+

MFS 30+ (MADE IN USA)

This improved design replaces our immensely popular PM-30+, which is among the most favored by club makers and players alike. Truly a benchmark shaft in its design and construction, this shaft fits a wide variety of skill levels. It is characterized by a soft yet tight sensation at impact that is difficult to design into a shaft. It is sure to pick up where the PM-30+ left off. It is truly a shaft that can improve any game.

WOOD

Multi-Matched Circum Flex Integrity

- Parallel Tip 4.5" -

Flex	Length(in)	Weight(er)	Torque °	Tip Dia.	Butt Dia.	Kickpoint
L	45 "	75/gr	3.6°	.335"	.580"	Mid-Low
A	46 "	82/gr	3.5°	.335"	.595"	Mid-Low
R	46 "	85/gr	3.5°	.335"	.600"	Mid-Low
S	46 "	88/gr	3.5°	.335"	.605"	Mid-Low
X	46 "	90/gr	3.4°	.335"	.605"	Mid-Low

IRON

Flex	Length(in)	Weight(er)	Torque °	Tip Dia.	Butt Dia.	Kickpoint
L	40 "	76/gr	2.8°	.370"	.590"	Mid-Low
A	40 "	80/gr	2.7°	.370"	.600"	Mid-Low
R	40 "	82/gr	2.7°	.370"	.600"	Mid-Low
S	40 "	84/gr	2.7°	.370"	.600"	Mid-Low
X	40 "	86/gr	2.6°	.370"	.610"	Mid-Low

It's in the Shaft!
