

PM30-Light

PM30-LIGHT (MADE IN USA)

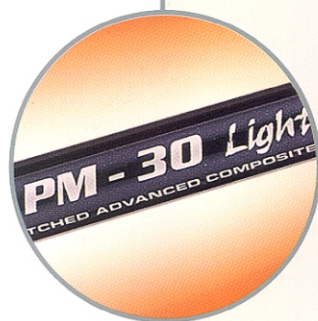

Designed to reduce the overall weight of iron clubs and allowing longer irons without gaining unwanted swingweight, the PM-30 Light promises performance plus. This shaft possesses a buttery soft feeling without compromising the performance heritage of the PM series. The PM-30 Light's higher overall trajectory, forgiving nature, and lighter weight make it a great choice for those looking for more yardage with less effort.

CPM Calibrated Light Weight Graphite

- Parallel Tip 4.5" -

IRON

Flex	Length(in)	Weight(er)	Torque °	Tip Dia.	Butt Dia.	Kickpoint
L	40"	68/gr	3.2°	.370"	.580"	Low
A	40"	72/gr	3.1°	.370"	.590"	Low
R	40"	74/gr	3.1°	.370"	.590"	Low
S	40"	76/gr	3.0°	.370"	.590"	Low

It's in the Shaft!
